

Use this form to ask a tribunal to make accommodations (alternate arrangements) so that you can fully participate in the tribunal process and to ensure a fair hearing. You can make this request if:

- You have a need related to the **Ontario Human Rights Code** that may impact your ability to participate in the tribunal process or hearing (for example, a need related to a disability such as a visual or hearing impairment); or
- You have a need or concern related to **procedural fairness** (for example, you think the current hearing format or your circumstances will result in an unfair hearing).

The tribunal will consider the information you provide to make any arrangements needed to ensure equal access to the tribunal process and to make sure that the hearing is fair for all participants.

B. Request Details

Type of Request and Reasons for Request

Please explain your need or concern and how it affects your ability to participate in the tribunal process, or how it would impact the fairness of the hearing. Include all necessary information and be as specific as possible. Attach supporting documents if necessary when you submit the form. Your request may be denied if you do not provide enough detail.

- I have a need related to the Ontario [Human Rights Code](#) that may impact my ability to participate in the tribunal process or hearing.
- I have a procedural fairness need or concern.

Here are some examples of what the tribunal may do, but they are not the only examples of the accommodation (alternate arrangements) that might be provided:

1. Provide forms and documents in an accessible format (ex. large print, braille) if you have a visual impairment.
2. Provide a sign language interpreter (American Sign Language, langue des signes québécoise), a deaf-blind intervener, or real time captioning (CART) if you are deaf or hard of hearing.
3. Allow you to take extra breaks during the proceeding, or give you more time to present evidence, to support mental health needs.
4. Help you access technology to participate in your proceeding, if you do not have access to a computer or telephone. For example:
 - a. Provide access to a location with a computer or telephone to attend your proceeding or
 - b. Loan you a phone so you can call into your proceeding from any location or provide top-up minutes if you have a pay-as-you-go plan with limited airtime minutes.
5. Change the format of the hearing because the current format will likely cause significant prejudice (for example, from a video conference hearing to a written or in-person hearing). Review Tribunals Ontario's [Practice Direction on Hearing Formats](#) for a list of factors that the tribunal may consider when making a decision on a party's request to change the hearing format.

C. Next Steps

Send this completed form to the tribunal as soon as you can to avoid delaying your proceeding. Contact information for each tribunal is listed below.

If the form is complete and the tribunal has all the information it needs, the tribunal will review your request and decide the appropriate alternate arrangements. The tribunal may contact you if it needs more information.

When making a decision, the tribunal will consider all relevant circumstances, including the rights of all parties to have a fair hearing, and the public's interest in having matters heard efficiently and expeditiously.

How quickly the tribunal makes a decision depends on the nature of your file and the information you provided. In most cases, you will receive a response within two-to-five weeks. It may take a little longer where proceedings are being scheduled further into the future.

If the tribunal grants your request, the tribunal will work with you to put in place the appropriate alternate arrangement, which may be different from the arrangement you asked for.
